## Twin Cities Bid Welcome to the A. S. F. of L.

**MONSTER CROWD  
EXPECTED TODAY  
TO OPENING GAME  
OF “A-T” LEAGUE**

Twins Will Meet the Russellville  
Clan Here at Four  
O'clock

**IDEAL WEATHER FOR  
THE INITIAL CONTEST**

Big Crowds of Visitors Expected  
From North Alabama  
Communities

### PROBABLE LINE UPS

Russellville—Newton c, Hammer  
1b, Bracken 2b, Haynes 3b, Scott ss,  
Bradford lf, Moss cf, Murphy rf,  
Nicholson, Martin, Cooper or Mett p.

Albany-Decatur—Gibson or John-  
son c, Beard 2b, McDuff 2b, Lindsay  
or Lauderman 3b, Craddock ss, Carter  
cf, McClain cf, Lewis rf, Russell,  
Ware, Etheridge or Mosely p.

The first half of the split season  
in the Alabama-Tennessee league  
opened this afternoon. The Russell-  
ville clan is here to meet Manager Mc-  
Duff's aggregation of ball tossers  
from the Twin Cities, while the Col-  
umbia "Mules" are meeting the Tri-  
City "Triplets" in Sheffield.

The opening game here today marks  
the revival of professional baseball in  
North Alabama after an absence of  
many years, the old Southern league  
being the last previous attempt to  
operate a league in the Tennessee  
Valley.

With ideal weather conditions pre-  
vailing, a record-breaking crowd was  
anticipated for the opener here today.  
Sheffield, Florence and Tuscumbia,  
for several weeks, have been making  
arrangements for the opening contest  
and all stores in the Tri-Cities are  
closed to give their employees an op-  
portunity to attend the initial con-  
test in an effort to beat the Twin  
Cities in the race for the attendance  
trophy.

### Line Up Not Settled.

The line up of the Twins was not  
settled this morning. If the Russell-  
ville clan elects to start a southpaw  
Duff will send Lauderman to third.  
If a right hander twirls, Lindsay will  
get the hot corner assignment.

The pitching selection for the Twins  
will not be made until the staff has  
warmed up. Mosely, Ware, Etheridge  
and Russell are all in fair shape to  
start this afternoon, although adverse  
weather conditions has held them  
back somewhat.

Gibson or Johnson will don the  
mask, McDuff stated this morning.  
The latter is a new-comer, reporting  
here from Florida for a try out.

### Monster Crowd.

As the day advanced it became more  
apparent that a record-smashing  
crowd would be present when Mayor  
Payne and Alderman Hendrix pitch  
and catch the first ball.

Word received here stated that a  
big delegation of Huntsville fans will  
be over to see the lid properly pried  
off, while more than 200 delegates to  
the Alabama State Federation of La-  
bor have made reservations and will  
occupy a section of the stands. Rus-  
sellville fans are coming here in big  
numbers for the opener.

Carpenters were busy early this  
morning placing additional bleacher  
seats along the right field foul line,  
other workmen were putting the fin-  
ishing touches on the diamond. The  
playing field has been smoothed and  
the pitching mound repaired.

The game will be called at 4  
o'clock.

## Thirty Killed in Italian Elections

(International News Service)

MILAN, ITALY, May 16.—Thirty  
persons were killed and 150 wounded  
in street battles during the balloting  
in the general election, according to  
advices received here today. While  
the elections passed off quietly in the  
big cities there were clashes between  
the fascisti and the communists in the  
smaller towns.

The tabulations of the result is  
now under way.

## HERE ARE MEN WHO HAVE HELD DESTINY OF A. S. F. OF L. DURING THE PAST YEAR

W. R. MCCLUSKEY,  
Albany, Vice-president A. S. F. of  
Labor.

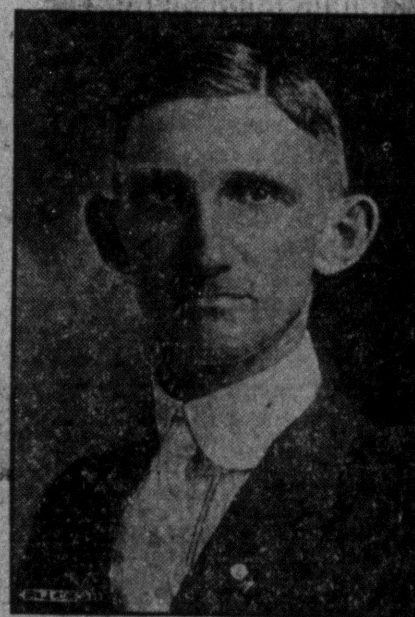

W. L. HARRISON,  
Birmingham, President A. S. F. of  
Labor.

LEWIS BOWEN  
of Birmingham Secretary-Treasurer  
A. S. F. of Labor.

E. W. SHERMAN  
Mobile Vice-president A. S. F. of  
Labor.

A. P. EZELL,  
Anniston Vice-president A. S. F. of  
Labor.

M. E. BARGARNER  
Montgomery, Vice-president A. S. F.  
of Labor.

## TENSION EXISTING OVER SELISIA HAS LESSEEN VISIBLY

(International News Service)

PARIS, May 16.—There was a less-  
ening today in the tension which had  
been caused by the break between  
France and Great Britain over Upper  
Silesia.

The soft pedal was put upon war  
talk, which ran strongly on Satur-  
day after, Premier Briand made his  
declaration that France could not re-  
main neutral if Germany took up  
arms against Poland.

The hope was expressed that the  
chamber of deputies would give a vote  
of confidence to Premier Briand this  
week, which would show the solidarity  
of France and that the French and  
British premiers would meet immedi-  
ately after word in conference to  
reach a decision upon Europe's fire-  
brand district.

Great Britain is reported to be  
sending troops from the Rhine to Up-  
per Silesia to assist in the restoration  
of order so that Germany can have  
no further complaint. France is ready  
for military action in either the east  
or the west. If goaded too far by  
Germany, she may utilize the big  
army which has been mobilized in  
eastern France for independent oc-  
cupation of more German territory.

It is believed that the supreme coun-  
cil will be summoned to meet within  
ten days to take decisive action upon  
Upper Silesia.

The United States will be represent-  
ed by Col. George Harvey, American  
ambassador to England.

### 3 CITIES TAKEN

BERLIN, May 16.—Polish in-  
surgents have captured three more  
cities in Upper Silesia according to  
advices received by the German fore-  
ign office today. Violent fighting  
raged all day Sunday in many dis-  
tricts of Upper Silesia. Italian pleb-  
iscite troops were withdrawn from  
Nikolai, Pless and Rybnik, leaving  
only small French garrisons. All  
three cities were immediately oc-  
cupied by the Poles.

### MEETING CALLED OFF

There will be no meeting of the  
Albany Masonic Lodge tonight on ac-  
count of the speaking at Alabama  
State Federation of Labor meeting.

## New Lift Given to Credit Bars to Aid Farmers

(International News Service)

WASHINGTON, May 16.—Further  
lifting of credit bars for indus-  
try assuring greater financial  
support for both imports and ex-  
ports business was authorized by  
the Federal Reserve board today.

Farmers won in their demand  
for agricultural relief by the  
board's order to all Federal Re-  
serve banks, legalizing the pur-  
chase in open markets of bankers  
acceptances with maturities not  
exceeding six months, growing  
out of transactions in the im-  
portation and exportation of  
goods.

The limits on such papers has  
been three months. The Federal  
Reserve board has doubled the  
maturity limit on such paper to  
facilitate dealings of industry.

The board's actions vitally af-  
fects all of the leading staple in-  
dustries of the country.

## Paroles Granted Many Prisoners

(Montgomery Bureau, Albany-  
Decatur Daily)

MONTGOMERY, ALA., May 16.—  
Announcement was made today that  
Governor Kilby had approved rec-  
ommendations of the state board of  
paroles for the release of the follow-  
ing persons who will have completed  
their short terms under the indeter-  
minate sentence act during the month:

Henry Irving, Jefferson, concealing  
stolen property; John Richardson,  
Jefferson, concealing stolen property;  
Joe Reed, Morgan, grand larceny;  
Cephus McLeod, Jefferson, grand lar-  
ceny; Will Goodwin, Dallas, distilling;  
Lonnie Sermons, Montgomery, grand  
larceny; Toulmin Broadus, Mobile,  
manufacturing liquor; Bill Fortenber-  
ry, Walker, grand larceny. Reports  
show the men have completed their  
minimum sentences without marks be-  
ing placed against their conduct.

## Council Considers School Bond Issue

The Albany city council will meet  
in regular session Tuesday night to  
consider the \$250,000 bond issue for  
erection of a new school building and  
adding equipment to the present  
schools.

## BATTLE FRONT IN WEST VIRGINIA IS QUIETER MONDAY

(International News Service)

WILLIAMSON, WEST VA., May  
16.—With the arrival of several com-  
panies of Kentucky National guards,  
the first round up of leaders in the  
attacking forces, which have been  
making war along the Tug river front  
has started.

The militiamen have started comb-  
ing the densely wooded sections of  
the mountain.

Five men, alleged leaders in the in-  
surrection, have been placed under  
arrest. According to information  
sent to Sheriff Pinson and Captain  
Bronckos, in command of the West  
Virginia state troops, the five men  
under arrest have been taken to Pike-  
ville, Ky.

Many of the Kentucky militiamen  
are mountaineers and are well versed  
in mountain fighting. Their presence  
has had effect already as there has  
been little fighting this morning. Not  
a shot has been fired across the  
Kentucky border into West Virginia  
since the troops arrived.

A determined effort is being made  
to locate the base of supplies from  
which point the distribution of arms  
and ammunition is being made. It is  
known that somewhere in the moun-  
tains a large supply of arms and  
ammunition are stored.

### REFUSES TROOPS.

(International News Service)

WASHINGTON, May 16.—Presi-  
dent Harding today refused an appeal  
for Federal troops for the West  
Virginia coal fields where there has  
been intermittent warfare for the  
past two weeks. The appeal was  
made to the President by Senator  
Southernland, on behalf of Governor  
Morgan of West Virginia. Secretary  
Weeks was present. The President  
stated he did not believe it would  
be wise to send Federal troops into  
West Virginia at this time.

Major General Read, in command  
of the Fifth army corps area, has  
advised against troops being sent  
into West Virginia.

## ANTI-PICKETING AND 'TONNAGE TAX' ARE SCORED BY HARRISON

### Handles News of Convention

J. E. BLAIR,  
Member arrangement committee  
and press reporter for the conven-  
tion.

## REV. J. D. WALLACE SPEAKS SUNDAY TO GRADUATING CLASS

Rev. J. D. Wallace, pastor of the  
First Presbyterian church, delivered  
an inspiring address Sunday to the  
graduating class of the Decatur pub-  
lic schools. The service was largely  
attended and a beautiful musical pro-  
gram was rendered, the First Baptist  
church, where the service was held,  
being profusely decorated with spring  
flowers.

The declamation contest, second fea-  
ture of the week's commencement pro-  
gram, will be held Tuesday evening  
in the high school auditorium at 8  
o'clock.

## Centre Again is Visited by Flames

(Montgomery Bureau, Albany-  
Gadsden, Ala., May 16.—Center

again suffered a severe loss by fire  
Sunday night when flames attacked  
and completed the destruction of a  
down-town block which was partially  
burned five week ago. Estimates  
made place the loss at \$40,000. The  
merchants and farmers bank was the  
heaviest sufferer of Sunday night's  
blaze. The building occupied by it  
was almost completely destroyed.  
Other buildings destroyed were:  
Cherokee Supply company, Stinson  
and Hancy Mercantile company, In-  
gram and Johnson, C. N. Loe's ware-  
house and barn, E. J. Moses' furni-  
ture warehouse and R. L. Henderson's  
grocery company.

Heroic work of a hastily formed  
bucket brigade prevented further  
spreading of the flames. It is thought  
that papers and all cash of the bank  
destroyed are intact.

## Marine Strike Now 30% Effective

(International News Service)

WASHINGTON, May 16.—The ma-  
rine strike has only been about 30 per  
cent effective in tying up American  
shipping, it was announced today in a  
statement by Secretary of Commerce  
Hoover dealing with the situation.  
Complete figures on shipping serv-  
ice during the two weeks of the strike,  
Secretary Hoover said, showed that  
between May 1 and May 15, 496 ves-  
sels cleared American ports, while 142  
were unable to sail because of lack of  
crews.

### WEEK'S WEATHER

For the South Atlantic and East  
Gulf States: Generally fair weather  
will prevail during the week, with  
temperatures somewhat below normal.

The annual address of William L. Harrison, President, fea-  
tured the first session of the State convention of the Alabama  
Federation of Labor now in the midst of a three or four day meet-  
ing at the Masonic theatre. The general public is cordially in-  
vited to every session and all visitors will be given seats in the bal-  
cony.

Secretary Lewis Bowen stated that up to noon today about  
fifty more delegates were registered than had been expected.

Mr. Harrison brought in some "new stuff" from a news and  
political standpoint, when in his address he made a crushing at-  
tack on the "two cents per ton sales tax law."

Four points were made against the law, which the mine  
operators no longer opposed," said Mr. Harrison. "First, it is a  
tax on production; second, as competition is so keen, operators  
dare not add the tax to the selling cost for coal, but would seek to  
have the miners absorb the tax by having their wages cut. Third,  
as Gov. Kilby is so anxious to get taxes and as a strike would  
stop the payment of the 'Sales Tax' the state authorities would be  
apt to do everything possible to defeat a strike of miners."

Fourth it was charged such a law opened the way for a great  
temptation to put money for state taxes above the welfare of the  
producing classes.

Mr. Harrison scored the anti-boycott law of Alabama and the  
anti-picketing law. He said the latter law "amounts to an anti-  
strike law." The so-called "open shop movement" was attacked,  
and it was declared by Mr. Harrison that in his judgment, the  
present state of unemployment was brought about by concerted  
action, in an effort to block and defeat the aims of labor.

Speaking of the coal tonnage tax, that we have held ever since it be-  
came a law, but we have been unable  
so far to have it either amended or  
repealed and in my opinion, the only  
remedy is to have it repealed. This  
law is so broad and far-reaching in its  
effect and in the construction placed  
upon it by the Supreme Court that it  
has become almost an Anti Strike law.

It has been used as the basis for in-  
justices, restraining organized labor  
or any member of organized labor  
from picketing of any character, or  
form, going so far as to deny an em-  
ployee the right in a peaceful, lawful  
and quite manner to tell another man  
who might have been imported by an  
employer or deceived by him into go-  
ing to work at a plant where a strike  
is in progress, that a strike is on  
and why the strike is on."

### General Outlook.

Speaking of the general outlook in  
the labor world, President Harrison  
said:

"Since our last convention and af-  
ter the so-called after the war re-  
adjustment and reconstruction had set  
in, perhaps never in the history of  
the American Labor Movement has  
it faced such a crucial and trying  
period as it is now going through.  
Strikes and lockouts everywhere  
seem to be the order of today. Never  
has there been such a strong gigantic  
drive made against the organized la-  
bor movement. This comes from an  
organization of employers, who are  
bent on annihilating the Trade Union  
Movement and the establishment of  
the so-called Open Shop in industry,  
which of course, means industrial  
slavery to the working man. Every  
strike that occurs, no matter how  
large or small, or of local or National  
magnitude, whether because of local  
differences or not, is seized upon by  
those so called Open Shop Advocates,  
and with all the influence that they  
can exercise, they make it a fight for  
the destruction of the Trades Union  
Movement and for the institution of  
the so-called Open Shop system and  
all of the support and influence and  
assistance they can muster is given to  
it."

Referring to Governor Kilby's par-  
ticipation in the strike, the President  
charged:  
"Out of all his efforts to defeat  
the miners throughout the strike, I  
ascribe largely to his efforts to pre-  
vent any reduction in the revenues de-  
rived from the tonnage tax, al-  
though I know his personal leanings  
toward the Open Shop and his op-  
position to the established principals  
of the Trades Union Movement."

The anti-boycott, or anti-picketing  
bill also came in for a share of criti-  
cism at the hands of the chief of the  
organized crafts in the state. Mr.  
Harrison said:

"I desire to bring to the attention  
of this convention a law which was  
placed upon the Statute Books of the  
State many years ago and which has  
been used to harass and hamper or-  
ganized labor in almost every strike  
of any consequence we have had in  
the state. It is called the Anti Boy-  
cott Law or the Anti Picketing Law.  
This law and its effect upon organized  
labor has been brought to the atten-  
tion of practically every convention

(Continued on Page 5.)

## Mutilated Body of Woman Found

(International News Service)  
FLORENCE, ALA., May 16.—The  
mutilated body of Mrs. F. A. Seay, a  
bride of 20 months, was found early  
this morning near Stewart Springs,  
near this city, with her brains beaten  
out and the body practically nude.

The husband of the dead woman,  
who disappeared last night, is being  
hunted by a posse of men. He is  
thought to be the murderer of the  
young woman as they are known to  
have had a misunderstanding. It is  
said that Seay had been acting stran-  
gely for the past few days and some

expressed the thought that his mind  
may have been unbalanced. Others  
say that he killed the woman in a fit  
of jealousy.  
The couple went for a walk along  
the Stewart Springs road and when  
they did not return a searching party  
was sent to look for them. A man,  
thought to be Seay, was seen running  
through the woods, but was lost in  
the darkness.  
The body was found near the spot  
shortly after midnight in a clump of  
bushes. Her brains had been beaten  
out with a stone found nearby.

## WELCOME A. S. F. OF L.

Delegates to the Alabama State Federation of Labor, The Daily on behalf of itself and of the Twin Cities bids you welcome.

We feel honored in having been selected for your annual convention site. We know that your days will be crowded with convention details, but we hope you will find time to partake of our bountiful hospitality. We want you to feel that our citizenship is here to serve you, to make your visit among us the most pleasant, the 1921 convention the most successful you have ever held.

Welcome!

## LADY NICOTINE SUPREME

Kingdoms may fall in these stirring days, but Lady Nicotine is still supreme in her sphere. Recently the Tobacco Merchant Association of the United States through Edward A. Moree sent out questionnaires to American editors, asking their opinion regarding the desire of this community as statutory prohibition of the use of tobacco by adults. Approximately 13,000 editors received the questionnaire.

According to an announcement from the association, replies were received from 7,847 editors and of this number 7393 declared their communities opposed prohibition of tobacco.

The questions asked were:

- 1) Do you favor the enactment of laws prohibiting the personal use of tobacco by adults?
- 2) In your judgment does the general sentiment of your community favor such legislation?
- 3) Is the use of tobacco personally objectionable to you?

"In presenting these questions," said Mr. Moree commenting on the results, "we made no argument pro or con, as we wished unbiased replies. We did not announce the name of the organization we were representing until afterward. The nature of the replies showed that most editors were entirely in the dark as to whom we represented."

"Checking up the questionnaire returns with the anti-tobacco legislation of the last year it is interesting to note that the highest percentage of replies reporting sentiment favorable to anti-tobacco laws came from Utah where 42% of the editors thought their public favored such a movement. Utah is the only state to adopt an anti-cigarette law last year and the editors attributed this to the influence of the Mormon Church."

"In Idaho where the Mormon church is also strong a prohibitory bill was passed but was almost immediately repealed. The editors in that state were 89% against anti-tobacco legislation."

"On the other hand old anti-cigarette laws were repealed by Tennessee, Arkansas and Iowa. In these states the editors' estimates of adverse public sentiment were 93, 94 and 95% respectively."

"There has been considerable agitation in other states during the year all of which confirms the judgment of the newspaper editors as to public dining rooms and other public places was first amended to prohibit consumption in public of peanuts, chewing gum, tea and coffee and then defeated by the Senate."

"Kansas with 89% noes seriously considered the repeal of its anti-cigarette law. Last year a petition for a referendum in Oregon failed of sufficient signatures to bring the question to a vote and 95% of the editors declared their public against such legislation."

"In Oklahoma with 94% of noes an anti-cigarette law was killed at the committee."

Common sense still apparently is far in the lead of the erratic reformers.

## A CIVIC ADVERTISING DRIVE

The Junior Chamber of Commerce, recently organized in Huntsville will let no grass grow under its feet. The organization already has launched a civic advertising campaign in behalf of Huntsville and Madison county. The simple plan upon which rests the campaign might well be copied by other communities.

The Huntsville Telegram publishes the following statement of the ideas:

"All business concerns using a type writer and sending out ten or more letters a week will be asked to co-operate with the advertising of the community by writing the words supplied them by the Secretary of the Chamber of Commerce each week on the bottom or side margin of their outgoing letters," said an official, "Say we will start with this line 'Did You Know That—Huntsville has the most active Junior Chamber of Com-

merce in the United States. Watch Our Boys' or 'Did You Know That—Huntsville has an industry employing 8000 people,' or 'Did You Know That—Madison County, Alabama produces and sells each year more agricultural products in value than any other county in the Southeastern states?' These lines are to appear at the Picture Show for the same length of time and in each daily local paper. No better advertising publicity can be obtained."

Another plan of the Junior commercial body is to constantly remind the home people, through advertising, of the advantages of Huntsville and Madison county. The members apparently work upon the theory that unless the home people are imbued with the spirit of progress, the visitors are not likely to be impressed.

Dissiminate "talking points" in favor of your community. That's the Huntsville plan in a nutshell and its a mighty good one.

## A KIWANIS CLUB FOR SCOTTSBORO

We were impressed with the spirit manifested by the business and professional men of Decatur-Albany last week, thought their organization known as the Kiwanis Club. It strengthened us in the belief that Scottsboro needs something like this. It really made us feel like it is a necessity.

We will have only a slightly larger town twenty-five years from now unless some organized force brings something to pass. We have tried a Commercial Club and for lack of interest it died. We need an organization with "pep" and earnestness. We need only men in the organization who believe in Scottsboro and Jackson county and will work for the upbuilding of everything good for Scottsboro. The Kiwanis club of Albany-Decatur will be glad to send a good crowd up any night we desire and show us what can be done in a club of this kind and put on some stunts that will make us want to be Kiwanians. We can have it. Do you want it?

One of the most successful conventions of the Alabama Press Association was held at Albany last Thursday and Friday. Aside from the speeches delivered by the editors on subjects of interest to the newspaper men, the Association was held at Albany last Thursday and Friday. Aside from the speeches delivered by the editors on subjects of interest to the newspaper men, the Association was addressed by Lieut. Gov. Nathan L. Miller, Judge W. W. Brandon, Dr. Henry Smith, president of Washington and Lee University, Watt T. Brown and representatives of the agricultural forces at Auburn.

The following officers were elected for the next year:

W. T. Hall, Dothan, president; Will T. Shehan, vice-president; W. Stanley, Greenville, secretary and treasurer; Miss Fannie Gholson, of Wetumpka, poetess; James S. Benson, of Scottsboro, orator.

Andalusia, Auburn and Gadsden have asked for the convention next year.—Progressive Age (Scottsboro).

The Alabama Press Association held a very profitable and interesting meeting at Albany-Decatur last week. The citizens of the Twin Cities showed the editors the real courtesy of the old time Southern hospitality.—Florence Herald.

The editor of the Tribune only had the privilege of attending the Friday morning session of the Alabama Press Association which was held in Albany on last Thursday and Friday. The only things of vital interest to the newspaper fraternity in Friday's session was the election of the officers for the ensuing year. W. T. Hall of the Dothan Eagle was chosen president; F. G. Stephens of the Oneonta Democrat, vice-president; Webb Stanley of the Greenville Advocate, secretary and treasurer. Among the speakers of the morning were Prof. Smith, president of the Washington and Lee University of Virginia; Judge Bill Brandon of Tuscaloosa, and Senator Watt Brown of Ragland. Despite the fact that we missed Thursday's session and the good dinner of Morgan Kiwanis club furnished Thursday night, it was a real pleasure to spend a few hours with the pencil pushers and receive a warm handshake from many old friends.—Cullman Tribune.

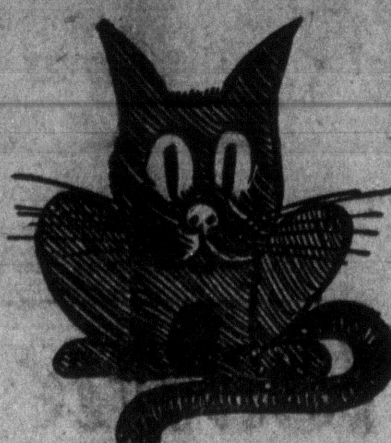

One of the sights shown the editors at their recent meeting at Albany was the oil well they are sinking within a few miles of the twin cities. It was a sight worth seeing. They are down with the drill several hundred feet, and will go as far as three thousand before they stop, if in the meantime they do not make a strike. We all hope they will strike oil. If they do, old mother earth in this section would be "bored" in many places.—Florence Times.

If the world keeps on getting smaller, it will be so easy to find the lost base balls, that a boy cannot get into the game by so doing.

Outside of eating pie, the easiest things for politicians to do are: To point with pride and view with alarm.

It is easier and far safer to stand along, than it is to stand a loan asked by an impecunious near-friend.

## OFFICE CAT

Copyright 1921, by  
Edgar Allan Moss.

## PERPLEXING PROBLEM.

Dear Office Cat:—

What has become of the automobile thieves who used to steal cars? I've been reading the papers pretty carefully and every time I hear of a car being stolen I've hurried around there and left mine in that very spot. But up to date nobody has offered to take it. What would you advise me to do?

AMOS TASH.

Dear Amos:—

Why not drive it up and down Moulton street crossing the railroad a few times each day for a week. That ought to finish it. JUNIUS.

## PASHM OF LIFE

From the cradle to the grave:

Carried;  
Married;  
Harried;  
Buried.

Rather late to call you attention to it, but a Colyum is only a colyum, and we can't publish everything in a day. But what we started out to say was that last Saturday while it was raining and the streets were rather sloppy, we observed two girls cross the street. One of them rushed boldly across, while the other hesitated. One wore silk hose, the other one did not. Guess which one hesitated. You are right.

## IT ORTA BE THERE, ANYHOW.

The modest pussy willer

Nods by the babbling brook;  
We say so just for a filler—  
We haven't been down to look.

Every small town has a genius who imagines he can repair his own watch with a pocket knife.

A man likes to act bossy with his wife when they have company because he'll hafta roll over and play dead as soon as the aforesaid company leaves.

The average man's idea of home is a nice big easy chair, where he can sit with his feet on the library table and smoke, while his wife keeps an eye on the furnace and carries out the ashes.

A married rounder usually has a hard time trying to square himself.

## OUT OF SIGHT.

Classical Dancer—Doctor, I want to be vaccinated; somewhere where it won't show.

## A LITTLE OVER TWO FEET.

Dear Office Cat:—

What is the proper length of a girl's dress? ANXIOUS MOTHER.

"Judging by the hours most young men keep" observed Cynic "They're all training to be night watchmen."

The new typist determined to make a good impression upon her chief. She turned up half an hour early and began tidying up the room. When that was done she examined her typewriter, discovered it in a shocking con-

dition, found a bottle and gave it a thorough oiling. While about it she examined all the other typewriters in the office and oiled them, too. There is nothing, she thought, like making oneself indispensable! Her chief arrived. He looked around him with an air of satisfaction and crossed to the mantel-piece. Then his smile changed to a frown. "Miss Smith, he said, "have you seen my cough mixture?"

## SCHOOL GARDEN PRIZES AWARDED

Two prizes, first and second—were offered for the best school garden by Mr. Dodson of the Y. M. C. A. have been awarded.

The judges were: W. A. Britain, W. H. Templeton and H. M. Priest.

The gardens were numbered and prizes awarded by numbers. Garden 68 belonging to Glen McKelvy and Owen Daniel received first prize. Garden 58 owned by Harold Wright received second prize. Garden 82 belonging to Otto Nebrieg received honorable mention.

The gardening has been a part of school life that all pupils of the sixth grades have enjoyed.

To John Patterson, Secretary of the land company the pupils are indebted for the use of the garden plot.

## FORMER FOLLIES GIRL

## SCORES TRIUMPH IN

"SHELTERED DAUGHTERS."

(Delite Today.)

Perhaps the most beautiful girl who ever adorned that famous beauty show the Follies, Justine Johnstone brought to her screen career not only a real fame and personal popularity, but an unusual grace and charm. In "Sheltered Daughters," which shows at the Delite Theatre today. She gives evidences of unusual acting ability.

The story deals with a girl, daughter of a famous detective, who has been so closely guarded from all knowledge of the world and its evils that she has never even been allowed to read the newspapers.

Her father, who knows too much about the seamy side of life, has determined to keep her unspotted from the world at all costs. He is very complacent over her bookishness, and fondly believes that because she is always at home, reading, she is safe.

**FLAPPERS CLUB WITH MISS TEASLEY**

Saturday the Flappers club met with Miss Inez Teasley at the home of her parents Mr. and Mrs. A. A. Hardage on Johnson street. Bridge was played at two tables and resulted in Miss Teasley capturing the club prize, Miss Elizabeth Johnson and Miss Erin Draper, substituted for absent club members. Following the game brick cream cake and salted nuts were served. Miss John Bullard will be hostess next Saturday to the club.

**SATURDAY CLUB**

The last meeting for the season of the Saturday club was held with Mrs. B. F. Austin. Subject for discussion was, "The Princess of India" which was ably presented by the hostess. A report of the Federation meet of Women clubs which was held in Birmingham in April was interestingly given by Mrs. Louis A. Neill, after which the installation of officers for the ensuing year took place. A pretty decoration of Dorothy Perkins roses was used throughout the entire reception suite where the meeting was held; pink and white the color scheme was further emphasized in the refreshment feature.

Women's Trade Union, League of the Twin Cities will hold a meeting, Tuesday afternoon at 6 o'clock in the Masonic theatre. There will be three minute speeches by delegates to the convention. All ladies of the two towns are invited to be present.

Miss Georgia Will Smith of Nashville, Tenn., is visiting friends and relatives in Albany.

Mrs. J. E. Penny and daughter, Miss Caryl, of Birmingham will arrive tomorrow to be the guests of friends in the Twin Cities.

Mrs. Max Rives and Clark Gattis have returned to Payetteville after a visit to their cousin Mrs. R. B. Gilliam, who has been very ill.

The Help Others Bible Class of the Central Methodist Church will have the picnic which was postponed last week, Tuesday evening May 17, from six to eight o'clock in the grove west of the Home Oil Mill and North of Moulton st. All members of the class are urged to be present.

**ANNOUNCEMENTS**

The Progressive Culture club will meet tomorrow afternoon at 3 o'clock at the residence of Mrs. L. A. Neill, 446 Jackson street.

The Berean club meetings have been postponed until June when Mrs. D. D. McGehee will be hostess, date of meeting to be announced later.

Miss Gladys Garrison has returned from Wilson Dam, completing her school duties at that place.

Mrs. T. C. Hudmon and two children left yesterday for their home in Nashville after a pleasant six weeks visit with home folks.

Mr. and Mrs. Howard Jordan, Mr. and Mrs. Larabee of Athens were the stop-over guests Sunday of Mrs. Robert T. Sheppard.

Mr. and Mrs. David Humphrey and children who were the week-end guests of relatives of Athens returned home today.

Mrs. C. D. Carter and daughter, Sue, of Russellville, were the week-end guests of Mr. and Mrs. W. F. McGwire.

Mr. and Mrs. George Carter and George, Jr., Mr. and Mrs. Edwin Mathews and daughter, motored thru the country from Tusculumbia and spent Sunday with Mr. and Mrs. W. P. Carter.

Miss Unity Dancy left Saturday for a visit to relatives of Mississippi.

Mrs. L. L. Pearson has as her guest Mrs. Rufus Pearson of Decatur-Florida Daily News.

Miss Edith Goodman and Miss Vesie Smith spent Saturday in Birmingham.

Mr. and Mrs. Julian Bibb and children of Memphis are the guests of home folks.

Robert White (Bob White), of Birmingham, president of the Typographical Union there, and one of the best linotype operators in the South, was a pleasant caller at The Daily office today. He is attending the state labor convention.

**CRIMINAL COURT**

The Morgan County court will take up the criminal docket June 6, while the Circuit court will try cases on the criminal docket, beginning June 13. The latter term will last two weeks, one hundred cases appearing.

**ADRIAN ONLY ENGLISH POPE**

Is Said to Have Been Elevated to High Office Contrary to His Own Inclinations.

Pope Adrian IV was by birth an Englishman, and the only one of that nation who ever occupied the papal throne. He was a native of Langley, in Hertfordshire. He was born before A. D. 1100. His real name was Nicholas Breakspear. He is said to have left England as a beggar, and to have become a servant as lay brother in a monastery near Avignon, in France, where he studied with such diligence that in 1137 he was elected abbot. His merits soon became known to Pope III, who made him cardinal-bishop of Albis in 1140 and sent him two years later as his legate to Denmark and Norway, where he converted many inhabitants to Christianity. Soon after his return to Rome, Nicholas was unanimously chosen pope against his own inclination. In November, 1154, Henry II of England, on hearing of his election, sent the abbot of St. Albans and three bishops to Rome with his congratulations.

**Must Keep on "Making Good."**

Life is an everlasting struggle. Nothing but the keenest attention to its great problems will bring lasting success. There are many that gain temporary attention and they think they have made a name for themselves. The fact is there are thousands of others with just as much head striving for a place in the sun. They are watching every loophole for an opportunity. Often the fellow who starts right with a small lead can achieve almost anything he sets out to. So folks have learned to take advantage of everything that turns up or that they can turn up. That means you are never safe in resting on past laurels. It's a case of making good eternally or falling down before you have finished your course.

**The Story of Our States**

By JONATHAN BRACE

XXIX.—IOWA

THE State of Iowa was originally occupied by the Iowa Indians. The actual meaning of the word has been interpreted in several ways. Some say it means "beautiful land," but the more likely derivation is the Algonquin word "ajawa" which means "across" or "beyond." This was probably applied to this tribe of Indians by the Illinois tribes who were hostile to them, and resided on the eastern side of the Mississippi river. The early white visitors to this region included Marquette and Joliet, who landed here on their explorations of the Mississippi in 1673.

The first settlement was made by a French Canadian named Julian Dubuque. He obtained in 1788 a large grant of land from the Indians, where the city which was named after him now stands. Here he flourished, mining lead and trading with the Indians, until his death in 1810, when this settlement was given up.

With the acquisition of the Louisiana Purchase in 1803, Iowa, which was a part of this huge territory, came into the hands of the United States from France. At first Iowa was a part of the Louisiana territory, then of Missouri territory. Later it formed a portion of Michigan territory and then of Wisconsin territory. In 1838, however, it attained a distinct individuality when it was formed into the Iowa territory.

Pioneers soon came in large numbers and about 1832 a substantial settlement was made near Burlington, and Dubuque was founded in 1838. The population grew so rapidly that in 1846 Iowa was admitted as the twenty-ninth state of the Union. Its area is 56,147 square miles and it has thirteen presidential electoral votes.

Iowa is familiarly called the Hawkeye State.

**The Power of Cash**

I want to thank my many friends and customers who have traded with me for the past 17 years on the credit system, and to advise the public generally that after the 20th of this month that this store will sell for Cash only. I feel I can better serve the public by selling for cash for I can eliminate a good many expense that go with a credit business, such as book-keeping, stationery, lost accounts and various other things too numerous to mention.

It will be the policy of this store to cater to the best trade of the Twin Cities and surrounding country. I am fully conscious of the fact that to be in a position to secure the best trade and to get the cash for my merchandise that the quality must be right and the prices the lowest. Hence, my motto for the future is:

KNIGHTS PYTHIAS  
MEET WEDNESDAY

(International News Service)  
MONTGOMERY, ALA., May 16.—

The grand lodge of Knights of Pythias of Alabama will hold their annual convention in the Pythian building here Wednesday and Thursday and among the important subjects for discussion will be the plan for the construction of a Pythian home for widows and orphans of members. Advance information is that twenty thousand dollars or more has been contributed to the building fund during the past year and that a three-cornered race is being made with Birmingham, Mobile and Montgomery as entrants for the honor of contributing the greatest amount.

The grand lodge at its last meeting decided to construct a home at some suitable point in Alabama yet to be selected and named a committee for the purpose of arousing interest in the building. This committee has completed its preliminary work and an effort will be made to obtain the necessary funds during the next two or three years.

William LaDow, supreme chancellor of the order, will be the guest of the grand lodge Wednesday and probably Thursday and will deliver an address. Mr. LaDow will arrive Tuesday night from Mississippi and will remain throughout the meeting if possible.

One feature of the meeting will be the presentation of veterans' jewelry to about twenty-five members of Montgomery lodges who have been identified with the order for twenty-five years or more.

BISHOP CANNON  
DELIVERS SERMON

Bishop James Cannon, of Birmingham, occupied the pulpit of the Central Methodist church Sunday night, and spoke to an overflowing audience on the importance of better and more denominational colleges. He said that the College of Bishops he called them the "General Superintendents" of the Southern Methodist church had passed a resolution saying that they felt that he movement for increased facilities for Christian education was imperative, and that the movement was the greatest of this generation. He cited, now the pulpits were becoming empty for lack of ministers. He opened his eyes of his hearers when he said that not a single minister was received into full fellowship at the last conference of Alabama Methodists. He said that as great as was the University of Virginia, that in 30 years it had produced only 3 Methodist preachers. He said Woodrow Wilson and many other great men went to that university, but that state schools simply could not be depended on to produce ministers.

A large part of the Bishop's address was devoted to the needs of Mexico, where he stated he had done missionary work for many years in the past.

Dry Amendment  
Again Held Valid

(International News Service)

WASHINGTON, May 16.—Another attack on the constitutionality of the eighteenth amendment (national prohibition) and the Volstead act was set aside by the Supreme court today.

The action was brought by counsel for a San Francisco drayman convicted of transporting intoxicants in violation of the Volstead act, it being contended that the congressional provision that the amendment must be ratified by two thirds of the states within seven years was invalid and illegal and thereby rendered the amendment itself unconstitutional.

The Supreme court of the United States denied the contention.

Britain is Pinched  
By Coal Shortage

(International News Service)

WASHINGTON, May 16.—Great Britain is feeling the pinch of the coal shortage due to the miners strike to a marked degree, and the government is now purchasing coal in regular American trade channels to keep her railways, public utilities and bakeries going, according to advices reaching the commerce department today from commercial attaché Dennis in London.

Archie Moore  
Loses a Foot

Archie Moore, prominent Limestone county resident, suffered the loss of his left foot Sunday, when he fell between the cars of a train just north of Athens. His foot was severed just above the ankle. He suffered a fractured thigh also. He was brought to the Benevolent hospital here for medical treatment, being attended by Drs. Petey and Roan.

COTTON MARKET  
LITTLE CHANGED

NEW YORK, May 16.—The cotton market opened unchanged to four points higher today. The exchange at Liverpool was closed and there was little in the news to influence speculation. New Orleans and Southern ware houses sold, while Liverpool interests and ware houses furnished support early.

Later the list became steadier and advanced about 5 points over Saturday's close. There was switching by local traders from July to October at 55 points.

### Anti-Picketing and "Tonnage Tax" Are Scored by Harrison

(Continued From Page 1.)

every employer by these Open Shop organizations to accomplish their purposes of destroying collective bargaining and the joint movement between labor and capital.

#### Asks New President.

"I desire to say that my association with the members of the Executive Council have been exceedingly cordial and pleasant. I have received their utmost co-operation in carrying on the great work we are engaged in. I want to especially commend Secretary Bowen for his untiring and faithful performance of the duties of his office. I have been in constant touch with him since he has been employed as Secretary, and desire to say that his work has been of the most able and efficient character to the Federation of Labor. I am not saying these things because of any desire to praise anyone, but simply because I think they are due him, because of my knowledge of him and his work.

"I have now served about four terms as your president. I have done my utmost in my limited way to promote the success and the best interest of the Federation of Labor and its membership. I feel now, that it would be best for you to elect a new president, not because of any desire of mine to sever my relation with the Federation of Labor, because my services and assistance will always be at hand, but for the reason that the office of President is only an honorary one, and it might be best to pass the honor around among our worthy members.

"I trust that the deliberations of this convention will be most harmonious and will tend toward the upbuilding of our movement in this state."

#### In Excellent Spirits.

The delegates met promptly at 10 o'clock and took their places evidently in the best of spirits. Many expressed themselves as especially glad to be in the Twin Cities on account of the generous way in which the people of both towns had responded to the distress of the Birmingham miners. President Harrison spoke very kindly of the appreciation felt by the miners and their families, and added that the material aid given in such a time of need, had proven "the best advertisement the Twin Cities ever had."

#### Cline Opens Session.

Preliminary to the regular convention call to order by President Harrison, H. O. Cline President of the Central Labor Union and of the city council of Albany, opened the meeting with a few announcements, after which he said that in line with the purposes of the convention, he wished to ask for divine guidance. He then requested Rev. W. D. Powell, of Albany, Missionary Secretary of the Southern Baptist convention, to lead in prayer. Dr. Powell, who is very close to the labor movement having five sons in industrial pursuits, prayed earnestly for a spirit of harmony, and full recognition of the Fatherhood of God, and the Brotherhood of man.

Mayors Nelson and Payne were next introduced, and both men spoke hearty words of welcome as follows:

Mayor Nelson, spoke happily in his welcome address, saying that the delegates were thrice welcome to the city of Decatur. He declared that he was not given to many words; but that he invited the visitors, while in Decatur "to go as they liked."

Mayor Payne brought forth hearty cheers when in the course of his welcome address he said with eloquent appeal: "The safety of the flag of your country, rests with the laboring people. Will you protect it? I believe you will. I believe when free to act without wrongful advice laboring people are for what is just and right."

Before their addresses, the Laxon Quartet, led by Prof. E. W. Laxon, favored the convention with a stirring song. They also sang again prior to the address of Hon. Melvin Hutson, who in his usual forceful manner called attention to the many problems that needed solving, and that part labor would be expected to take in their solution. Following Mr. Hutson's address President Harrison took the

chair and immediately began his address. Some experts from it are given below:

Mr. Hutson was cheered heartily in the course of his address. Among other things he said:

"Organized labor must of necessity, succeed not only on organization but on thinking and planning ability.

"And you must recognize leadership. If you do not recognize leadership you have no organization. Cheers.

Said Mr. Hutson: "I know that the principles for which you stand are going to triumph, because, they are patterned after the greatest Spokesman of the Truth.

"If you would truly succeed you must also follow His leadership.

"Any system is wrong that allows the women and children of a loving God to live in a starving condition. It may take years or a century to change the system; but go back and tell your fellow workers that it must be changed."

Following Mr. Hutson, Charles M. Dinmore, president of the Morgan County Farmer's Union, and of the state Farmer's Union made an address welcoming the delegates to Morgan county.

He was followed by Secretary Nallau, of the local R. R. Y. M. C. A. who welcomed the convention, and asked that every delegates consider

### Prisoners Have Own Government in the Jails of Madison and Limestone

(Montgomery Bureau Albany-  
Decatur Daily.)  
MONTGOMERY, ALA., May 16.—

Inspections of the county prisons of Madison and Limestone counties reported to Governor Kilby by the prison inspection department and made public today developed the fact that the prisoners have had their laws behind the bars and had administered punishment for infractions by using heavy straps. Three or four leather straps were removed from the Madison jail and in both counties instructions were given to the jailers not to permit the practice in the future.

The inspector said food is sent into the Madison jail by relatives of the prisoners and that from the amounts and variety of the food given the prisoners in the jail it is necessary that the food continue to be sent in. The Association building their home during the convention.

Following this speech, Mr. Cline introduced President Harrison who took the gavel and, without preliminaries plunged at once into his annual address.

Limestone jail was found in good condition except the plumbing, which was recently repaired. The contractor promised to make other repairs without delay.

The Barbour county jail was found to be infected with vermin and the sheriff promised to see that the trouble was removed without delay. The almshouse was found to be in good condition.

Conditions at the Shelby county jail were found to be most satisfactory, many cells dirty, insufficient sleeping space, no adequate water supply and general dilapidation. There was no discipline among the prisoners and visitors were permitted to communicate with the inmates at any time either by calling at the jails or by talking through the windows, there being no wall surrounding the prison. The food was found to be good, though only two meals were served, breakfast being about eight o'clock and dinner about one, thus prisoners went from one o'clock in the afternoon until eight o'clock in the morning without food.

Lawrence county's jail was found to be in fair condition, but discipline among the prisoners was bad. The

### Rupture Expert Here

SEELEY, FAMOUS IN THIS SPECIALTY, CALLED TO DECATUR.

F. H. Seeley of Chicago and Philadelphia, the noted truss expert, will personally be at the Echols Hotel and will remain in Decatur Saturday only May 21st. Mr. Seeley says: "The Spermatic Shield will not only retain any case of rupture perfectly, but contracts the opening in 10 days on the average case. Being a vast advancement over all former methods—exemplifying instantaneous effects—immediately appreciable and withstanding any strain or position. This instrument received the only award in England and in Spain producing results without surgery, injections, medical treatment or prescriptions. Mr. Seeley has documents from the United States Governments, Washington D. C., for inspection. All charity cases without charge, or if any interested call, he will be glad to show same without charge or fit them if desired. Business demands prevent stopping at any other place in this section.

P. S.—Every statement in this notice has been verified before the Federal and State Courts.—F. H. Seeley. Home Office, 117 North Dearborn St., Chicago.—Adv.

### "BEST IN THE LONG RUN"

# Yes— Silvertown Cords 20% are included in the Goodrich Tire Price Reduction

Among tires SILVERTOWN is the name that instantly conveys the thought of the highest known quality. Their genuine value has given them first place in the esteem of motorists.

Motor car manufacturers and dealers are quick to emphasize to their prospects that

their cars are equipped with Silvertowns—knowing that neither explanation nor argument is necessary.

This makes all the more important the fact that Silvertown Cords are included in our readjustment of tire prices which took effect May 2nd.

THE B. F. GOODRICH RUBBER COMPANY . AKRON, OHIO

Your Goodrich dealer is prepared to supply you with Goodrich Silvertown Cords, Goodrich Fabrics and Goodrich Red and Gray Tubes at the 20% price reduction.

# DECATUR CREAMERY

## NEWS OF HARTSELLE

The co-operative feature is growing here, and plans are being formulated for the erection of a potato curing house in time to take care of the present crop. The plan of those having the matter in hand is that only those who are actually growers of produce can have access to the curing plant.

Many carloads of potatoes will be produced in this immediate locality, and indeed so great has the demand been for plants, that it has been a grab and go when the express came in. The Porto Rican yam is the one that is being generally planted.

A conservative estimate on the ear lot shipments that can be made from this place next season of strawberries, judging by the number of plants that have been shipped in and

the acreage that is known to be already planted, is five cars a week during the harvesting time. There is in transit now sixty thousand plants and these will be set this week. Several hundred crates have been shipped from here this season, and judges say the fruit is of fine variety. The land adjacent to this place is admirably adapted to trucking in all departments, and many have made arrangements to go to it with a determination to have something to sell.

A great number of our citizens attended the services at Bethel church here Sunday. Bethel is one of the oldest church denominations in his whole country, dating back for more than fifty years. This annual service calls together people from all over the county and is always a

great day. County Superintendent of Education E. L. Hays delivered the annual address there Sunday.

The Dean farm, just west of town on the pike, is being subdivided into five and ten acre blocks and will be sold to those who desire to go into the trucking and berry industry. Some and close in has changed hands during the last few days and more deals are on.

The Southern Bell Telephone Co. has given the authority for the installation of a public booth on Main street just across from the Peoples Drug Co. This booth will be used to give fire alarms and for the city generally.

The possibilities of the strawberry as been brought forcibly to the attention of the people here by Mr. Wood who has an acre near town, from which he gathered and marketed eleven hundred dollars worth.

This was in addition to what the family consumed. Mr. Wood's berries are of a very fine variety and there is an eagerness to buy when he presented any for sale.

John T. Cooper is rapidly pushing to completion his handsome new home in the eastern part of town. The residence will be modern in every respect and will cost when completed in the neighborhood of six thousand dollars.

Bishop James Cannon, of Birmingham, addressed a large audience at the Methodist church Sunday evening at three o'clock on the Christian educational movement. He reviewed at length the plans of the movement and stressed the vital importance of meeting the obligation.

He characterized it and the greatest movement the church had ever undertaken in that it conserved the future church and the home as well.

It was characterized as a great interpretation of this great movement and inspired the congregation to intelligent action in the coming campaign.

Hartselle is justly proud of her two schools that have just closed the most prosperous terms of their history. The enrollment has been larger than ever before and the class of work and instruction of an excellent character. The public school is one of the absolutely free schools of that state, with an enrollment of six hundred, employing twelve teachers. When the course in the public school is completed the student goes right over to the high school, and its arrangement makes it possible for many young men and women to get a high school education that would otherwise be barred. The high school fees are about five dollars for the entire term.

A Home Economics department has been an important feature of this school the past term, as has also the manual training department.

The grounds have been considerably improved during this term, and more plans are being made for their beautification.

### Yule Log Once Preserved.

In olden times the Yule log was always laid aside before it was burned out, so that the next Christmas day the new Yule log might be lighted from the charred remains of its predecessor.

### Very Human.

Jud Tunkins says his automobile unexpectedly quits work and demands more money, the same as if it had human intelligence.—Washington Star.

## New York Letter

By Lucy Jeanne Price

NEW YORK, May 16.—Edward Rochie Hardy, 12 year-old prodigy of Columbia University, is the happiest boy in the freshman class. All because he is still sore in every muscle from some rough treatment he got a few days ago. Young Hardy defied the sophomore rule against freshmen wearing neckties that were not either black or green. A class riot was the result, in which the sophomores triumphed over the first year boys to the extent and kidnapping the prodigy and bearing him away for discipline. He was blindfolded, thrown into a taxi, and locked up in a safe deposit vault over night—Oh! all the thrills dear to a freshman's heart were his! And his happy grin hasn't faded since! He's now "one of the boys." And he was afraid he never would be. His youth and the publicity given his remarkable mental achievement would be too much too live down, he felt inspiringly sure. "S'all right," he declared, in un-prodigy-like English. "I'm strong for this rough stuff."

Ten hours a day isn't a minute too much to work—if one is hale and hearty and 105 years old. So says James Murray, gatekeeper at Trinity Cemetery. For 60 years he has held the job, and has rather got in the habit of it, so it has never occurred to him to give up or ask to be retired for age.

"Bite-bars" are the latest. They are fast quick-lunch counters, but because many of them are transformed bars New York has given them the more eminent name. It likes the sound of it better.

Scene shifting by means of light instead of husky shoulders is soon to be in fashion, in at least three New York theatres. Nicolas de Lipsky, Russian artist has taken the long-known fact that light of certain colors will wipe out certain other colors, and has applied it with remarkable results. Two designs are painted on the same canvas, each in colors which may be eliminated by light of the other colors. Both designs are visible under ordinary white or mixed light and appear as a confused mass of lines and color. Under the proper colored light, however, the colors of one become invisible and those of the other takes on new shades and appear vividly. Madame Pavlowa danced, in consequence, the other evening, in the room of a palace and then in the garden outside without ever a scene being shifted; just an instantaneous change of lights. The idea has been snapped up by Hugo Riesenfeld of the Rivoli, Rialto and Criterion theatres and will be developed there by the Lipsky in all its possibilities.

It's difficult to get over the idea of letting men bear the burden of expense, isn't it? Women have been rather swanky about the fact that they could take men into their women's clubs for lunch and the men couldn't pay for it. Club rules didn't allow anyone but members to sign the checks. But apparently it was the novelty of it that appealed to the newly emancipated sex. For the new Woman's National Club to be erected here shortly has taken definite steps to overcome that situation whereby "the woman pays." "Exclusiveness is all very well," they explained, "but we're going to have a guest membership for men. Otherwise women who invite men here will have to sign the dinner checks and later on pay them. We will limit active membership to

women, but there must be some sort of check-paying membership for men."

There must be something particularly annoying about having one's own property used in attacks upon one.

to get possession of 200 pieces of porcelain valued at \$2,000 to satisfy a judgment against Mrs. Claudia Windsor Tartoue, who is suing and being sued by her husband, Pierre Tartoue, for divorce. "My wife never owned those porcelain sets. They were mine," said Mr. Tartoue. "What do you mean, 'they were'?" asked the deputy. "Ah, they are no more," signed the artist. "My wife she break them over my head."

Where Small Savings Count. Small savings are like stones in a bridge; they form a firm support to carry one over the flood of an emergency.

Or Richer. The unpardonable sin in a person of a different race or religion from ours is to be smarter than we are.—Ohio State Journal.

## Mothers! Give The Little Ones Syrup Pepsin

They like Dr. Caldwell's, and it quickly relieves their constipation and headaches.

BEGIN to teach the child regular daily elimination as young as possible, and much constipation will be avoided later in life. The most convenient hour throughout life is immediately upon arising. It does not then interfere with play, school or work.

When in spite of your efforts a member of the family becomes constipated, give Dr. Caldwell's Syrup Pepsin in the size dose directed on the bottle. It is a mild, gentle laxative safe for young babies; effective for grownups. It is the largest selling liquid laxative in the world, and most economical as a sixty-cent bottle will last you many months.

For your information, Dr. Caldwell's Syrup Pepsin is a compound of Egyptian Senna and other simple laxative herbs with pepsin and pleasant-tasting aromatics. Look on it as a good family friend, useful to relieve constipation and symptoms like headache, biliousness, colds, fever, bad breath, loss of appetite and sleep. It is no exaggeration to say that millions of families are never without a bottle of Dr. Caldwell's Syrup Pepsin. It safeguards their health.

### TRY IT FREE

Send me your name and address and I will send you a free trial bottle of my Syrup Pepsin. Address me Dr. W. B. Caldwell, 513 Washington Street, Monticello, Illinois. Everybody now and then needs a laxative, and it is well to know the best. Write me today.

## Mr. Business Man:

Are You Nervous, Irritable, Inefficient?

Here is the business man who has prided himself upon his "careless driving" and his "wonderful capacity for work" and his ability to "do the work of three men."

And here he is, on the verge of a nervous breakdown, unable to do the work of ONE man, of less actual value than his office boy. All because he has kept his bodily machine running at full capacity without giving it the proper care, taking out but putting nothing back.

And now nature takes her revenge. Like the fine motor car that enters the 500-mile race and comes out a piece of junk, this man's body is a total wreck and his only hope for future usefulness lies in a course of

### CHIROPRACTIC ADJUSTMENTS

which will put his broken body back into normal condition, restore the flow of vital energy to every part of his body, bring the color back to his face, the spring to his step and make him the man he was.

Many a "tired business man" has found renewed life and increased efficiency through Chiropractic, without interference with his business. Phone us today for an appointment. The sooner you start a course of adjustments the sooner you will know what real health is.
